1. **Department Profile:**

The office of IPTeL acting as the gateway to filing for intellectual property protection and technology licensing, also ensures that the value of the knowledge being generated at the Institute is leveraged, by responsible licensing, for the benefit of the Institute and thereby to the society at large. IPTeL strives to enable rapid filing of IP, so that it does not unduly delay the submission of results to academic journals.

2. **Basic portfolio index (1996-2016):**
